Vài trò quản trị viên cho doanh nghiệp

Vai trò quản trị viên · https://gcs.vn/kho-tai-nguyen/google-workspace-admin-center/vai-tro-quan-tri-vien-cho-doanh-nghiep/

Instead of granting a user complete super-user access to your Admin console, you can assign an admin role that limits which tasks they can perform. For example, allow an admin to manage only Gmail settings or only Help desk tasks such as resetting user passwords. Assign pre-built admin roles, or create custom roles of your own.
